In a dual priced fund where an investor sells over £15,000 in value of their units, either singly or as a combination of smaller deals for the same valuation point, we may sell those units at 'cancellation price'. This is the lowest price calculated for a dual priced fund and is based on the selling price of all the stocks and shares within the fund. This action is used to protect the remaining investors within the fund as we may have to sell some of the fund's own investments in order to raise the money to pay the proceeds of a large deal.

The Remuneration Policy of Marlborough Fund Managers Limited is available from www.marlbroughfunds.com. This policy describes how remuneration and benefits are calculated and the governance arrangements in place around these payments.
